Four Wheel Drive Lifeblood Challenge

The Four Wheel Drive Victoria Lifeblood challenge for the 2021/2022 financial year is active and donations are coming fast! It's easy to join and register for the challenge. Follow the link below and register for the challenge or simply book in to donate at your closest center and let them know you're part of team Four Wheel Drive Victoria and your club name. Your donation will be counted towards your team's total. Items of thanks are given to teams and individuals for milestones along the way. If your club needs information about your closest donor center or questions about the challenge, don't hesitate to contact the office or email projects@fwdvictoria.org.au

During lockdown you can still donate, the Victorian Government has classed blood donation as 'an essential act of care giving'. This means that donating blood, plasma and platelets is an acceptable reason for individuals to be away from their home and to travel outside their 5km bubble.

Getting Back Out After Lockdown

Whilst we are all stuck at home during lockdown it is always a great chance to reminisce about past trips and plan out future trips to undertake. Lockdown also provides an excellent opportunity to make sure your safety and recovery gear is up to date and ready to go and replace any part of it that needs to be changed out.
